AIA New York Chapter

AIA New York is the oldest and largest chapter of the American Institute of Architects, with almost 5,000 architects, allied professionals, students and public members. AIANY is dedicated to three goals: design excellence, public outreach and professional development, and towards these aims, AIANY runs the Center for Architecture, a storefront exhibition space in Greenwich Village, sponsors public programs, publishes a magazine, and works with its charitable affiliate, the Center for Architecture Foundation, to provide scholarship and educational opportunities. For more information on AIANY, please visit www.aiany.org.

cultureNOW

CultureNOW promotes diversity in New York through arts education and cultural tourism. It fosters awareness of New York City's cultural environment, providing current information on civic organizations and artistic and historic resources by creating maps, guides, websites and podcasts. CultureNOW sees mapping as the primary vehicle for promoting the cultural richness in a community. We want residents and visitors to think of New York City as a citywide gallery—a museum without walls—where they can play both curator and viewer. Listen to the tour on your computer or your iphone. For more information, please visit www.culturenow.org

Classic Harbor Line

Dedicated to helping locals and visitors alike enjoy the unique wonders of New York City, Classic Harbor Line is eager to host you on a relaxing and inspiring sightseeing cruise through the waters we proudly call home. The Luxury Yacht Manhattan is a gem amongst the New York Harbor tour boats. She is a 1920s style, mahogany-trimmed "commuter" yacht that cruises with far fewer passengers than any other NYC tour boat. For more information on Classic Harbor Yachts, please visit www.sail-nyc.com or call 212.627.1825
